

bubble baby bed

Innovative transparent cradle for babies from birth to five month. Bubble Baby Bed moves with the kinetics resembling a tumbler toy: when pushed it always returns to the upright position. Made with medically tested safe materials, washable and easy to handle. Bubble Baby Bed can be used as a fancy toy storage

SLEEPING MAT

Double sided sleeping mat:
- White side for summer time and hot days
- Brown side for cold season

MATTRESS

Innovative 3D-fiber mattress, prevents suffocation. Provides exact level of support, necessary for newborns. Washing machine safe, lightweight.

BABY BASIN

Transparent acrylic basin with rounded edges for easy grip and safe handling. Washable

OUTER BUBBLE

Seamless clear transparent bubble with two cut-out handles for lifting and moving

WEIGHTS

Two-piece textile weight center filled with sterile coral sand, returns the bed to the upright position.

STOPPER

Metal stopper ring prevents the bed from overdeclining. Maximum incline angle is 17 degrees
